Dr Horrible's Sing-Along Blog Book

Synopsis

Joss Whedon's Emmy award-winning musical tragicomedy tells the story of Billy, aka Dr Horrible, a budding supervillain who wants to beat superhero Captain Hammer and take over the world... and pluck up the courage to speak to his laundromat crush Penny. With exclusive new material from Joss and the production team, new photos, sheet music and more, this official book is a must for fans!

Customer Reviews

My review of the book for Film.com [It's been almost three years since the writer's strike and the release of arguably the most wonderful project to have emerged from that tumultuous period in Hollywood history. (What else did the writers strike produce? Oh yeah. Transformers 2. Point made.) Thanks to Dr. Horrible's Sing-Along Blog, we have not only a great web series we can watch over and over, but toys, soundtracks, musical commentary, and endless cosplay to geek out over. And this week, a brand-new book to add to the list: Dr. Horrible's Sing-Along Blog: The Book. And that's exactly what it is. A book. Of Dr. Horrible's Sing-Along Blog. It's pretty badass. Normally with this kind of publication, the bulk is made up of art and photos -- great to own as a fan, sure, but not practical in any way. But Dr. Horrible's Sing-Along Blog: The Book, much like Dr. Horrible's Sing-Along Blog, the web series, isn't your typical book ... slash ... web series. No, yeah, that makes sense. That sentence definitely was cohesive and was not nonsensical. Oh god. I've been reading and watching so much Whedon-speak, I can almost feel myself becoming a Whedon ...

self-deprecation! Meta jokes! Sonheim-esque musical interludes! Attempts at jokes awkwardly placed in the middle of an article! Now that that's out of my system, back to the topic at hand. To start, Dr. Horrible's Sing-Along Blog: The Book, features both the original shooting script and the complete sheet music, which I was pretty astounded to discover. I was expecting page after page of photos and behind-the-scenes commentary, like most other coffee table books of this nature, but was thrilled to find out it's so much more.
