Complete Book Of Mixed Drinks, The (Revised Edition): More Than 1,000 Alcoholic And Nonalcoholic Cocktails (Drinking Guides)

Synopsis

With more than 100 new recipes for cocktails, mixed drinks, and nonalcoholic beverages, this revised edition of Anthony Dias Blue's classic guide fills us in on what we need to know: How to stock a bar, listing alcoholic and nonalcoholic beverages by probable frequency of use. Bar and cocktail definitions -- learn the difference between a julep and a smash, a toddy and a flip. Calorie charts, mixology tips, and illustrated descriptions of glasses. Organized by spirit, each chapter is introduced by an accessible and eloquent essay. Discover more than 1,000 recipes for cocktails, categorized by Classics, Creative Concoctions, Signature Drinks, and Tropical Drinks -- everything from the popular Martini and the Coco Loco to Trader Vic's West Indies Punch, a Midori Sour, and a Velvet Hammer. Whether entertaining, bartending, or simply relaxing with a favorite drink, this is the must-have bar book.

As a bar tender, I found this book an excellent resource in my line of work. I do live in Australia and although some of the metric conversions might be difficult for the average home buyer of this book, most people who work in this industry know what an Oz is and can follow the measuring units easily. Great layout, with easy to follow steps and illustrations. Also a GREAT selection of non-alcoholic drinks (the most I've seen) to satisfy the non-drinkers out there. An excellent size, so it is handy if you do plan to use this in a bar to store under the counter. Good value book for the busy bar tenders out there, or for the home user who likes to impress friends.

This was my first cocktail book I ever bought, and it's still my favorite. Anthony Dias Blue goes into detail about bar setup, the do's and don'ts of making drinks, and even the history of the different alcohols and liqueurs. My favorite sections are the signature drink sections, where famous bars have their well-known drinks described in detail. There is a large portion of non-alcoholic drinks to boot. I recommend this book to everyone, and even may buy myself a new one, as my current copy is water-stained. :D

this book is unique among bartending/mixed drink books because it's organized by type of spirit. in other words, if you have tequila in the liquor cabinet and nothing else, you can go to the section marked "tequila" and see what mixed drinks are available to you. it also includes an informative and interesting introduction to each spirit explaining it's history, distillation, and other tidbits. this is my favorite guide i've come across.

This is the best book on this subject I have read or owned. It is thorough, well organized and surprisingly entertaining. A good read, with interesting history of different spirits, origins of cocktails, etc. My only criticism, and it is not a major one, is that I would have liked more liqueurs listed in that section; could not find Drambuie, Sabra, or B&B, but he covers most of the best known ones. There is an excellent index that allows you to easily look up individual drinks. I own several bartender guides and this is by far the best one I have.

This was my first drink-mixing book that I bought and I am happy I did! I love the layout of the book! You can search recipes by what alcohol you have laying around or you can search by type of drink. I love that it tells you the history of the liquors, terms, what glasses to use for what etc. It really is handy for a first-time drink maker! The only thing I wish it would have are drink illustrations/pictures, but that's just my taste! Thank you!

Very nice for drink recipes. The book has a variety of drinks and is broken down by grouping the kind of alcohol involved in the mixed drink. I bought this for my friend, and she really likes it!

love this book, be aware you will become addicted to mix drinks and finding the right bottles to create the White Russian ETC. Awesome!

Most drinks found, not easy to keep up to date on drinks, especially recent ones. Good for the home

bar keeper.
