Customer Reviews

Easy to read. Clear descriptions of the games. Easy to download the ones that interested me. Would have liked more word or logic games but maybe there aren't many free ones out there. Saves hours of our time because of the time hespent compiling this list.

Well Shoot! The very first app I tried that he said is free, Aces Bubble Popper Free, was NOT free when I went to the website. I will keep looking and see if there are any other word games or puzzle games. Not into the golf, basketball, hockey etc games, so would love to have an index!

I would recommend this handy guide for Kindle Fire users. It is a synopsis of free Kindle Fire apps & saved some time in my ongoing search for new games.

This is quite useless in my opinion. It drolls on & on saying nothing. No pictures of the game, only a typed description which really doesn't help all that much. "nearly" 200 pages of blah blah blah. Says lots, helps little.

I found several games i am looking forward to trying. I am 63 and just got my first kindle. Ready to learn something new!

I am having trouble finding games that I enjoy for the Kindle 8.9 HDX I got for Christmas. This author does an excellent job of explaining the game and I can tell if it is a game I would enjoy.

Bought this through on my Kindle Fire HD. Very convenient. Book starts out with lot of info you really don't need. The author warns you about that so that was nice. Lot of listings of good games with links to the games themselves. Really did save a lot of time! Good for newbies (like me) to Kindle.
