Adobe InDesign CC On Demand

Synopsis

Includes â ¢ Online Workshops â ¢ Online Adobe Certified Exam (ACE) Resources â ¢ More than 500 of the most essential InDesign CC tasks Â Need answers quickly? Adobe InDesign CC on Demand provides those answers in a visual step-by-step format. Â We will show you exactly what to do through lots of full color illustrations and easy-to-follow instructions. Â Â Inside the BookÂ â ¢ Improved publishing and productivity with Adobe Creative CloudÂ â ¢ Create layouts for print, web, tablets, and mobile devices â ¢ Browse, organize, and process files using Adobe Bridge or Mini Bridge â ¢ Create, link, and Â manage content, pages, and books â ¢ Create text and apply style to display artistic text â ¢ Create QR code graphics â ¢ Use track changes to review content â ¢ Create interactive PDFs, EPUB ebooks, and HTML web pages â ¢ Create publications for use with Adobe Digital Publishing Suite Â Numbered Steps guide you through each task Did You Know alerts you to tips and techniques See Also points you to related information in the book Tasks are presented on one or two pages Illustrations with matching steps Â Bonus Online ContentÂ Register your book at queondemand.com to gain access to: â ¢ Workshops and related files â ¢ Keyboard shortcuts Visit the author site: perspection.com Â

Book Information

File Size: 157122 KB

Print Length: 608 pages

Page Numbers Source ISBN: 0789751631

Simultaneous Device Usage: Up to 5 simultaneous devices, per publisher limits

Publisher: Que Publishing; 1 edition (June 29, 2013)

Publication Date: June 29, 2013

Sold by:Â Digital Services LLC

Language: English

ASIN: B00DS8DMP6

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Not Enabled

Lending: Not Enabled

Enhanced Typesetting: Enabled

Best Sellers Rank: #852,386 Paid in Kindle Store (See Top 100 Paid in Kindle Store)   #99 inÂ Books > Computers & Technology > Digital Audio, Video & Photography > Adobe > Adobe

Customer Reviews

Adobe InDesign CC onDemand by Steve Johnson, Perspection, Inc. has got to be admired for its simple interface and step-by-step instructions that even a pet monkey could follow. It is possibly one of the easiest books to learn a complex topic from as it is flush filled with lots of visuals and tends to have one main idea per page. The book is beautiful to look at too, well structured, and tight with short definitions beside each illustrated step. If you are looking to fast track your learning of InDesign, then it is with this book I'd recommend you start.Despite its simplicity, the book covers a massive breadth of information. Some of the highlights include the page tool for resizing business cards to letterhead (in short easy steps), clipping tools for inserting images inside text (p. 159), a plug-in recommendation to export EPub as Kindle (p. 453), means for creating labels for envelopes and variables for form letters (p. 416), tool for buying or getting free or paid for extensions (p. 541).The book streamlines the process for making master pages, complete with page numbers and text variables. Also to note is the ability to make indexes at the back of the book, although InDesign's capabilities with indexing are limited in that they don't allow for live endnotes.All the text basics are covered in depth, including one of my favorites, "wrapping text around an object", that looks especially beautiful in magazine style documents. Another great system is the ability to convert text to outlines, meaning that you can select points on the text and modify its shape. This has implications for sending your text to Illustrator, for instance, for gaining some 3D perspective or some altered components.
