Kindle Paperwhite Tips, Tricks, And Traps: A Comprehensive Guide To Using Your Paperwhite And Finding Free Books

Synopsis

NOW AVAILABLE both in Kindle AND print editions! Order the print edition by clicking the [Paperback™](#) link above! So, you're the proud owner of a Kindle Paperwhite. Do you want to get the most out of your new e-reader? If you are looking for a top-notch tutorial at a reasonable cost, you've come to the right place! Here is the book that will teach you 100% of what you need to know. Kindle Paperwhite Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Paperwhite is your detailed guide to getting the maximum benefit from your Kindle Paperwhite. In this comprehensive guide, you'll learn tips (ways to effectively use your Kindle Paperwhite), tricks (ways to improve the operation of your Kindle Paperwhite), and traps (things to avoid to prevent problems while using your Kindle Paperwhite). You will learn—

- How to get around within the user interface and use the toolbars and screen regions more efficiently
- How to make your Kindle Paperwhite your own, customizing its display and operation for fastest and easiest use
- How to find THOUSANDS of FREE (as in, zero dollars and zero cents) books for your Paperwhite
- How to use Amazon's free "Send to Kindle"™ service to move Word documents, Adobe PDF files, and images directly to your Kindle Paperwhite
- How to safeguard your content, using the security features built into the Kindle Paperwhite

You will learn all of the above and more, with Kindle Paperwhite Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Paperwhite as a part of your library. With this book, you will learn 100% of what you need to know to get the most out of your new Kindle Paperwhite!

"Fantastic..." "Great Help..." "Easy for a non-geek to understand." -These are actual reviewer comments for the best-selling book Kindle Fire HD Tips, Tricks, and Traps, also written by this author! Kindle Paperwhite Tips, Tricks, and Traps: A How-To Tutorial for the Kindle Paperwhite comes from the pen of Edward Jones, the principal technology writer behind the best-selling "Tips, Tricks, and Traps" series of computer books. Jones is an experienced computer and technology writer, database applications development analyst, consultant, and trainer who understands the issues faced by people dealing with technology, day in and day out. His career spans years of technology training, database development, and consulting services for major law firms and government agencies in the Washington, DC area, and he currently resides in Charlotte, NC where he is concentrating on providing publications to the rapidly growing digital marketplace. Jones is also a best-selling author whose printed titles have sold over one million copies, and he has served as a technical editor on numerous computer books.

Customer Reviews

I have had my Paperwhite for over a year now. I really ignored the user's manual because I like to explore on my own (and I am too impulsive around new "toys" to want to read a manual). When I saw this book, I was intrigued: "Tips, Tricks, and Traps". I had to read this! Most of it is geared toward a new Paperwhite owner; and there is nothing wrong with that. I really loved the excellent advice for the battery life. I almost always plug mine in to charge. I never know when I go somewhere and need it fully charged. I learned what to do to extend the battery life. Most importantly, I learned what will cause the battery life to wear down over time and will need recharging more often. But, don't get nervous. Mr Jones has the best trick to prevent that from happening. It was my favorite! I learned a lot even after one year of Paperwhite ownership.

Incredibly better than the "Kindle Quick Start and User's Guide" I first bought (eBook and hard copy). This one is organized and formatted better. I will reread with a note pad and copy down some of the important information. So many things I had not known. Afterwards, I started reading "Kindle Paperwhite Owner's Manual: from Basic Information ..." Gave up on it. Muddy writing compared to the other and it was double spaced and no way to make it single space. The double spacing made it too hard to read. This was the first time that I discovered how information could be transferred from

my desktop. I had thought eBook from was the only thing

The book seemed to assume a better knowledge than I have. I was not always able to follow directions. For instance exactly how to navigate and be able to bring up the item you are wanting to read/ I know it seems very elementary, but not when you cannot manage to find which icons to look for and what to use them

The description is not appropriate for the content. It is very thin on general content and not detailed enough on topics it touts as being covered. I checked this "book" out based on the description and got through it in about an hour. Most of the information is available on the web with simple look ups or on-line tutorials. I consider this a waste of one of my Monthly Kindle Owners Lending Library check-outs. I am certainly glad I did not spend any money on it - I would have asked for my money back.

I bought this when I had the kindle paperwhite and found it to be very useful. I no have this paperwhite and I didn't really enjoy the product itself. There was nothing wrong with it, I just enjoy my Kindle 3G more. I would recommend this book to any who have the paperwhite and don't know a lot about the product. It was a very useful book. If I hadn't purchased it as a Kindle book I would have given it to anyone I knew who used the paperwhite.

If you use the Kindle guide and practice with the Paper White this book is a redundancy. I didn't find any tricks or traps in it except for being tricked and trapped into buying it.

Most of what was in this "book" I already had learned. However there were certainly some tips that easily provide an excellent return on the 99 cent investment...like how to score free ebooks. While I had little hope any of the free books would be worth the "price", I have found some excellent new authors and entertaining reading from these free downloads. If you don't know about how to score the freebies, this book is an excellent investment!

I was at a loss for some months for the lack of instructions for older people about kindle and how to navigate the pages, Menu, ordering a book and I found all my answers Kindle Paper white tips and tricks Jim Pockey
