Knives 2007: The World's Greatest Knife Book

Synopsis

A Stunning Showcase of Knives Each knife featured in Knives 2007, whether plain or fancy, a fixed blade or a folder, is drop-dead gorgeous. Each exhibits the finest workmanship in the land, the most high-tech materials, modern methods and incredible artistry. Weave your way through a dreamscape of colossal cutlery as you take in more than 1,000 color photos. Find out what "trends" in knives have knife enthusiasts scrambling to add to their collections. Discover the "State of the Art" in knives and learn what groundbreaking "Factory Trends" are enlivening production knife lines around the world. Whether you're interested in hunting knives or swords, assisted-opening folders, or daggers, tantos or slip joints, the world of knives is revealed in this blockbuster edition of Knives 2007!

Customer Reviews

Like all of the Krause/DBI books, Knives 2007 is still going down hill. The custom maker index is useful but the articles are very amateur. Noting like the pre-2000 days when Ken Warner was the editor.

It's a gorgeous book. The pictures are superb. You may stare at them over and over. For those who like knives, it's a must have.

All of the Knives annuals from 1981 onward are a must for the serious custom knife collector. The material collected allows one to determine the maker and any artist embellishments. Get em all if possible.

I have the entire series of Knives annuals. I enjoy the pictures and descriptions. The articles are always interesting. Well worth buying all of the series.
