Customer Reviews

Unless you're a confirmed non-parent, and are looking forward to hosting your nieces & nephews for the first time this weekend, and don't know what to feed them, you probably already know how to prepare these foods. Fruit platters? I think most people know how to throw chunks of fruit on a plate. Kabobs? Listen. I teach Cub Scouts. We don't give children sharp pointy sticks in close quarters. Deviled eggs? C'mon. Cheese platter? Really? Cutting food into *shapes*? Arranging vegetables into pictures? I'm not looking to entertain the kid. And sliders, while surely kid-friendly are a pain in the patoot. No, thanks. Homemade corn dogs? Good grief, no. That's why we have

Sam's and Costco for cryin' out the window.

Had lots of good ideas to try but a lot of the recipies were common ones also not a lot for younger kids

This product is excellent. if you are looking for great reading for the money. buy with confidence. Love this product.

So many great ideas, I can't wait to try them with my Daycare Kids and my Daughter. Some who are picky eaters might actually eat this.

The recipes are easy and tasty. I give five stars because every single idea worked for my picky eater and the rest of the family.
