Evernote will have a huge impact in society as a whole, as in what concerns digital devices, is the case of the iPad and the iPhone. This though not a device, but an app. has a power to change people's life's as the Windows system did for computer users.

Of course, I won't go there to just be an attendee ad have fun. My job is to gather information as much as I could. But of course, due to the things that must be brought in such places, I sometimes to bring paper and pens. But since I always bring my laptop with me, I must maximize its potential.
