# Passion Pursuit: What Kind Of Love Are You Making?

## Synopsis

A Bible study about sex for women? Now that's different! This new study, *Passion Pursuit: What Kind of Love Are You Making?*, lets God's Word speak about sex as being holy and erotic, blessed by God, and satisfying far beyond what the world can even imagine. Picture that as a headline on the cover of *Cosmopolitan*! By using scripture throughout the Bible, *Passion Pursuit* not only urges women to pursue passion but details how God has given them permission to do so. Though there is fun to be had along the way in this study, it hits hard on the questions women have but are hesitant to ask, like: What does God say is okay and not okay in the bedroom? I'm 54 years old; how can my husband still be attracted to me? Why did God make men and women so different? This audaciously bold study combines the psychological expertise of Dr Juli Slattery, formerly of Focus on the Family, along with moving stories from trusted Bible teacher and best-selling author Linda Dillow. The groups who have already done this study have seen their marriages come alive, whether they've been married four months or forty years; be next!

## Customer Reviews

My husband and I lead a small group bible study for our church. During our women-only prayer times, I felt like the women were sharing vague prayer requests but not the actual issue that they were dealing with. I suspected that some of their real concerns were about their sexual relationship with their husbands... but it's obviously super hard for them to actually ask for help in this area, and equally as hard for me to advise my friends in this area when I'm not a counselor and haven't been through what they have been through. So when my mom told me how awesome this study was, I

immediately bought the DVD set and 5 workbooks and started recruiting my women friends from church. I'm almost done facilitating this study for the first time with two women, and am getting ready to facilitate it again for five other women this summer. I have all great things to say about Passion Pursuit. Here are my top five reasons to get this study ASAP and facilitate it for women that you care about: 1) It sends people to the Bible for answers. With five approachable and easy to follow "homeworks" between each session, the authors encourage women to look up scripture and apply the principles of scripture for themselves as a daily habit. 2) The DVD sessions are candid and honest, yet always respectful. There are clear discussion guidelines outlined at the beginning of the study so that everyone feels comfortable and safe (for example...vivid marital details are kept private, no one is ever required to share their answer to a question, and if husbands come into the conversation, it must always be in a respectful manner). 3) The study teaches clearly what the Bible says is NOT okay sexually.
