Customer Reviews

This is a very helpful book to those who want to start earning from blogging. It is very direct to the point with a lot of useful tips that are friendly to beginners. Blogging has been one of the highest earning industries of this generation so one should know the most important things before launching their sites. There are useful and free tools that you could use to learn and start building your

website. This is a great book to start learning with.

It's a business that is extremely cheap and easy to start. Blogging can be a source of income but it takes hard work too. I've been planning to start blogging but don't know how to start. I googled but seems the information I got are all vague, still don't understand the process. Thanks to this one, I fully understand how blog works, this book explained from building blog to niche and much more.

In this book, you will start to understand why you should have a blog. You will dig into looking at your blog more as a business as opposed to something that is separate from what businesses are. This is something that you can make money from but it is also your businesses and should be treated as such accordingly. You will learn that starting a blog isn't just about starting one, but also includes understanding other elements of it such as SEO, blog monetization, purchasing a domain, SERPS like Google rankings, and other related concepts. It also covers the blogging basics about getting people to your blog, tips on how to promote your website, good blogging habits and development of content that will actually bring readers to your blog and conversely grow it too. Great read!

I am in the process of creating a blog of my own to elevate my business and I must say that this book clearly gives the step by step process of how to effectively create a blog that sells and also creates traffic to sell your affiliate products. I am very thankful that I came across this book while it was only a dollar because this book provides hundreds of dollars worth of value and information. I now have a blog set up and I am starting to use the techniques and strategies outlined in this book. Trust me, it is not easy but it is a lot easier than many other techniques that I have come across. I would recommend this to anyone that wants to take their business to the next level.

"Are you nuts?! You know the formula! Blog!" This is just one of the funny lines I read in this book. I think the author is so enthusiastic to teach people on how to blog and let them know that there is actually a chance to earn a million from blogging. This book is very encouraging to read. Reading it, made me think that the author is talking to me on how I can improve my financial wellness through blogging. The author lets you know whatever his knowledge and experience in blogging and somehow, it reflects in everything he wrote in here. I must try my luck in this business!

Learn how to start a blog using this step-by-step guide. The process is easy and fast. This book,

including a description of the steps in creating your own blog. Author briefly described about blogging on this book. Learn to blog. Step-by-step guide to learn how to start a blog, choose the best blogging Platform and avoid the common blogging mistakes by reading this book. Publish your passions, your way. Whether you'd like to share your knowledge, Experiences. Whether you are a reader or a writer, This book will give you much information about blogging.

Ultimate guide for persons with an interest in blogging. It is a great guide for beginners as it teaches persons to implement what they have been taught. The book teaches persons how to "sell their soul" the basics of blogging, wordpress, affiliate marketing overview. etc. The author has written in such a way that persons can actually be inspired to create their own blogs and find motivation to write exactly what is in their soul. A very good buy

The author has introduced a fantastic book on blogging which is in right means very beneficial and advantageous. The author deliberately written this book and well defined this term blogging which is such a wonderful source for good earning with profits. The author has revealed blogging secrets for creating powerful and profitable blogs. Highly admirable book!
