The Great British Bake Off: Everyday

Synopsis

This book is for the baker who wants to whip up a cake for an office party, a traybake for a kid's birthday, or a pudding to follow a simple supper. Using straightforward, easy-to-follow techniques, there are foolproof recipes for cakes, traybakes, bread, biscuits, tarts, pies, puddings, and desserts. If you are a confident baker or ready to move onto the next stage, each chapter also showcases the best recipes from the series, including Mary and Paul's Signature Bakes, Technical Challenges and Showstoppers, plus the best bakers' recipes from series four. There are step-by-step photographs to guide you through the more complicated techniques and beautiful photography throughout, making this the perfect gift for all bakers. As usual, everyone who buys the book will be able to download the digital booklet of finalist recipes after the finale has transmitted in October. And as a thank you to every one who has bought the previous Great British Bake Off books, we will be featuring snaps of some of the best home-bakes, sent in by readers, on the endpapers of the book.

Just what I was looking for. A book with all the technical challenges from season two, and various recipes from some of the bakers. I've made quite a few recipes from the book. Don't get discouraged that the ingredients are measured differently than we do here in the states. Just get yourself a digital scale (\$10 and up), switch the measurement to metric (mine had a button on the bottom that easily did that), and measure til your heart is content. There are a lot of extra recipes

that weren't on the show and that aren't from Paul and Mary, but they are still good.

Love this, this show has me hooked. Everyone has such high standards and is so polite. Even the recipes are without drama in making them, but are the star when they are baked. I've even started using metrics on a daily basis.

beautiful book and is necessary in all kitchens

Makes you want to bake all day -;recipes are clear and easy to make in one word more than great!

My children and I are huge fan of the Great British Bake Off show and particularly this series featuring Kimberley and Frances. Beautiful recipes from the program and easy to follow too.

You had better know your metric system if you intend to make the recipes contained in this very lovely cookbook. It's fun to peruse the pages and pages of recipes whether you plunge in or not. Delicious looking baked goods are so tempting.

Love the TV show and I'm looking forward to doing some baking on my own.

Easy to follow instructions - amazing delicious recipes!
