# Standard Catalog Of World Paper Money - Specialized Issues 11th Edition.

## Synopsis

The small, but ultra active market of specialized paper money, including state, provincial and from commercial bank issues, is based on the intricate details of these unique notes. That's where this all-inclusive paper money catalog comes in handy. With more than 25,000 updated prices and 12,000 illustrations of paper money issued since 1600, this book delivers the details you need in an easy-to-use book you can rely on.

## Customer Reviews

For example, if you look for currency from Papua New Guinea, you will find the country named but no listings. PNG has had several currency issues since 1975, but none in the catalog. If you check New Guinea, you find one example only. On the other hand, The Germany's are nearly fully covered and from interesting and satisfying. Just understand when you buy this that you may not find what you are looking for unless it's a country with lots of issues. I think the editor could do a more thorough job in coverage of notes.

It is very hard to find good and reliable information about paper money. In some countries is even hard to find local information about it. So, I think this catalog complies with providing you with general information regarding paper money of the world.

Satisfied. Would deal with seller again.

Part of my collector's/research library

great informative book, great pictures
