## Customer Reviews

This is very exhaustive book for making soap. It covers everything which you ever wanted to know about soap and soap making technique. I must admit This book opened a new possibility for me to explore into the world of soap making. Very interesting book with detailed explanation of different kind of soap and fragrances you need to use. Also it mentions the different kind of molds which you can use for making the soap. I would highly recommend for people who want to make some good soap at home with fragrances which they want to use and not limited to the market variety.

I just love pampering myself every once in a while. Those long moments in the bathroom are something I look forward to after a strenuous day from work and all. Thank goodness I saw this while I was searching for new soaps to try. The guide allows me to come up with my very own soap thatâ™s cost-effective, safe, and that will suit my preferences well. The book has covered almost all bases. Iâ™m thinking of trying out ginger and juniper as my first experiment. For this did say that it uplifts and calms the spirit now, thatâ™s something I really need.

How cool can this book be? It has given so much ideas and tips on how one will be able to make his own soap, for personal or even for business purposes. What is even worthy of a mention is that the recipes are for organic homemade soaps, which I think is essential especially in this time when chemicals abound almost everything we consume now. And I must also say that the book has been detailed and comprehensive in making readers understand the soap making process and everything that it involves. This is such an interesting and useful book that will stay in my library for good.

I like the thought that it is homemade and these book are so simple and easy to follow. I can choose what type of ingredients to be used based on the type of homemade soap that I want to make. And, guess what I start collecting raw materials now for that homemade soap that I'm interested to make. I would recommend this book to anybody looking for a great guide to help them begin their soap making journey.

It is very good to know that you will be making your own kind of soap, you know that it will be 100%

organic and have natural ingredients. If you have the skills and information, you will never go wrong. What I love about this book is that aside from its procedure and steps are so easy to follow, the detailed instruction has been clearly explained. Since it is homemade, you can choose whenever or whatever the scents will be. For some it will also be used as a source of income, who knows you might be the next soap tycoon or someone who got wealthy from soap making.

This is the first soap making book that I have used to make my own recipes. I gained confidence in making soaps using her easy to understand, safety, and product step by step instructions. This is an awesome book for someone who has never made soap before. A list of all the materials you would need, excellent instructions with lots of tips throughout the book. Great guide!

How to Make Soap with the Cold Process. There are several methods for making soap. These include the cold process, the hot process, and melt & pour. This book is learned to how to making soap in the home. Soap making is fun and incredibly easy to do. it consists of three basic steps. easy to follow step-by-step instructions in every kit. our essentials, natural.

I got this book for my wife as she's into the thing in making his own Homemade products. Homemade Shampoos and even toothpastes. So I thought that this book would be a great thing to add in to her collection. After letting her read it, I was really glad on how she reacted and said that she really liked the book as it is very easy to follow. So with my wife satisfied on the books content, hence I'm giving it a 4/5 stars. Nice one!
